ROCKVILLE.

Mr. Henry Higgins, a farmer, residing near Potomac, met with a serious accident Friday evening. While returning to his home from Rockville in a buggy, to which was attached a colt not thoroughly broken, and while descending a hill, a portion of the harness gave way and the animal became unmanagable. Mr. Higgins was thrown from the vehicle, and striking upon one of the wheels, received a wound in the throat about two inches in length, from which the blood flowed freely. He was also very badly bruised about the head and face. Although stunned and bleeding, the unfortunate man managed to get home, and medical aid was at once summoned in the person of Dr. Otho Linthicum of this place, who sewed up the gaping wound and otherwise rendered the sufferer as comfortable as possible. After kicking itself loose from the buggy the colt made its way to the barn yard of a neighbor near the road, where it was cared for.

Blaton Busey, a colored man, residing in the neighborhood of Martinsburg, this county, was brought here Saturday night by Deputy Sheriff J. Fiigon Poole and lodged in jail, charged with assault. He was arrested by that officer for committing a misdemeanor, and while on his ways to the office of a justice of the peace made a violent assault upon the officer and attempted to escape. In the struggle the officer was thrown to the ground, but managed to free himself from the clutches of the negro and draw his revolver. The prisoner then attempted to run, but the discharge of the weapon sent a bullet crashing through his right foot. He then surrendered without further trouble. Upon his arrival here he was taken to the office of Dr. Edward Anderson, where the wound was dressed, and he was afterward removed to the jail. Busey is represented as a desperate character, there being additional charges against him, including larceny and other crimes. He will have a hearing on a charge of larceny before a justice of the peace in a few days.

As the time for folding the congressional nominating conventions of both the democratic and republican parties approaches there is considerable speculation indulged in throughout the county in regard to the probable hominees. So far as the republicans are concerned it appears to be generally conceded that the vote of this county will be cast for Capt. John McDonald, but at the same time it is generally believed that the nomination will be captured, as usual, by one of the other counties of the congressional district. It is said that an effort will be made to nominate an Allegany man, but when it is remembered that the present member of Congress, the United States Senator-elect and the governor, all republicans, are from that county, it seems probable that the nominating convention will select a candidate from some of the other counties. In regard to the democratic nominee nothing appears to point directly to this county as likely to secure the rather uncertain prize. Among those mentioned here for the place are Messrs. Blair Lee, Wm. Veirs Boulc, jr., and H. Maurice Talbott, the latter being supposed to have a majority of the delegation from the county. Notwithstanding the declaration of the recent state convention will nominate a candidate upon a free silver platform. So far as this county is concerned, and among those who chaim to be democratic leaders no such sudden changes there appears to be a strong suspicion that the conversion is not genuine, especially in the case of those whose business interests would doubtless be imperiled by the election of the ticket nominated at Chicago. A PROGRESSIVE ORGANIZATION. The Local Branch of the Association

of Stationary Engineers. The members of Washington Association No. 1 of the National Association of Stationary Engineers have completed arrangements whereby they hope to accomplish much more good for the order in the future than they have even been able to do in the past. In order to show their active interest in the work of the association, and appreciation of its principles and objects, the Capital Traction Company has given them the use of a handsome meeting room in the central power station. Here the association will keep the instruments and apparatus used by them in demonstrating problems in engineering and electricity, and with this as their headquarters they intend, they say, to push their educational work with great

The chief and primary object of the National Association of Steam Engineers is the better education of its members in steam engineering and to afford them legal proengineering and to afford them legal pro-tection when unjustly assailed by other organizations in their vocation, and a spe-cial fund has been set aside by the National Association for this purpose. Among the subjects discussed at the meet-ings of the Washington Association are the

DIAMOND RACE MEET

Finest List of Entries for Any Local Event Ever Given.

BEST-KNOWN CYCLISTS INCLUDED

Washingtons Meet New Yorks Again Today.

CURRENT SPORTING NOTES

The entries for the diamond race mes of the Arlington Wheelmen Saturday at the International Athletic Park closed Saturday evening, and the list of entries embraces well-known racing men, not only of this vicinity, but the surrounding cities. It is without a doubt the best and largest entry list of any race meet ever held in the District, the valuable prizes for the event attracting the attention of racing men all over the country. The professional races will prove of more than ordinary interest, on account of the number of fast men, mostly from Baltimore, Jer-sey City and other places. The occasion will also mark the turning

The occasion will also mark the turning point in the standing of several local wheelmen, no less than four joining the rapidly increasing ranks of the pros. Harry Park and F. W. Hutching, who were for some time the only two pro men in the city, did not enter. W. E. Crist, the celebrated old-time racer, who has not been on the track at a meet since the league meet on Anglostan Island in 1892. eague meet on Analostan Island, in 1892, has again come forward. He enters in the one-mile handicap race, amateur, and immediately afterward races in the two-mile professional handicap. Frank Potts, a member of the Arlingtons, who has not been on the track, is in almost all the amateur events, including the tandem race, and then becomes a professional. H. W. Clum, another local man, is entered for the novice race, and then again in the two-mile professional handicap. William Walcott, another Washington boy, after racing in several amateur contests will join the ranks of the speedy pros. Another event has been added on the program, an unpaced mile, open to District riders only, the prize for which is the Eclipse trophy cup. Schade cannot enter this race, because he is not regarded as a Washingtonian. The whole program and the trial heats will be run off in the afternoon, beginning at 2:30 o'clock, giving a half day to the exciting pastime, and also affording the public the full worth of their admission. In order to avoid delay the prizes will be awarded to the winners on the same evening at 8:30 o'clock at the club house of the Washington Road Club at the Hotel Arno. In case of any protests the prizes for that race will be withheld, but all others will be given out.

Race Meet Officials. The officials of the meet are as follows Referee, E. E. Simpson; judges, Lewis B. Graves, W. R. C.; John Woerner, Q. W., and D. L. Sandoe, A. W.; umpires, Capt. F. HAVERFORDIANS RETURN.

They Have Learned Much and Are Pleased With Their Tour. D. H. Adams, A. F. Caca, E. G. Tatnall, T. Wistar, E. S. Stokes and Henry Cope of the Haverford College Cricket Club, who went abroad several months ago, returned yesterday on the steamship Bel-

genland from Liverpool. The team won four and lost four of the fifteen games played, while the remaining seven were drawn, some-as in the case of Shrewsbury, Harleybury and Rugby-in their favor, and others-as in the case of Eton, Clifton and Winchester-in favor of their opponents. The reason why there were so many drawn games was that one day did not suffice to see the con-

The English daily papers do not usually give much space to public school cricket, but have made an exception of Haverford, and now that the tour is over are sounding its praises and expressing the hope that it may be favored with further visits from

it may be favored with further visits from American cricket clubs.

The four teams which Haverford contrived to beat were those of the M. C. C., Repton, Charterhouse and Cambridge Long Vacatior team. Two of these were single innings victories, while the Charterhouse game was decided on the first innings, being a one-day match. Haverford was beaten by Cheltenham, Uppligham, Harrow and Malvern. Cheltenham won by six wickets, Uppligham by over 100 runs and row and Malvern. Cheltenham won by six wickets, Uppingham by over 100 runs and several wickets, Harrow by an inning and some 200 runs, to say nothing of some seven wickets in hand, and Malvern by about forty runs. The highest score compiled by the Haverford team was 373, against M C. C., while they could only get 33 against Harrow. The largest score made against them was 411 for two wickmade against them was 411 for two wick-ets, by Clifton, E. H. Steinthal making 216 not out. Mr. Lester, with commendable candor, says that the tour showed that ord team was not reliable as batting side, while it contained only three bowlers capable of getting wickets. "Their bowlers capable of getting wickets. Their fielding was at times up to the standard of that of their opponents, but at others fell far below it. In all three departments of the game Haverford has learned much by the tour which her cleven has made."

CABANNE-TITUS CASE.

The Former May Ride Again, but the Latter is Still Under Suspension. The cases of L. D. Cabanne and F. J.

Titus, the racing men, who were last year suspended for alleged crooked riding, were taken up separately by the racing board at its meeting at Louisville. The case of Titus came up first, and the following resolution was adopted: Resolved, That in view of F. J. Titus

action subsequent to the meeting of the national assembly, the racing board deems it inexpedient to accept the recommendation of the national assembly.

This was adopted unanimously.
The case of Cabanne was next called.
The following resolution was adopted in his case: Resolved, That in accord with the rec ommendation of the national assembly for mercy to be extended to L. D. Cabanne, the sentence of said Cabanne be reduced to expire September 1, 1896, being one year from date of suspension.

Wind-Up of National Meet. The L. A W. national meet closed Saturday. Eight thousand persons saw the day's racing. The races resulted as fol-

Ogden, an outsider, won the ninth renewal of the Futurity stake at Sheepshead Bay Saturday. Ten horses started. Ogden got off first, led by a head at the quarter, led Ornament at five furlongs by a half length and went under the wire by half a length, a winner of \$44,290. Ornament, second, got \$3,696.66, and Rodermond, third, \$1,833.33.
The others were badly beaten.

McGuire was applauded liberally by the

spectators for catching Reitz's high foul evening. near the grand stand in the third. It was very good for Mr. McGuire, but such catches are daily occurrences with Mesers. Robinson and Clarke.-Baltimore News. Good enough! But don't for an instant fool yourself with the delusion that either Robinson or Clarke is one whit better as a catcher than this same McGuire. Indeed you can look the league over from Bostor to St. Louis and you will not find a catcher who has a hunch on McGuire, either in playing the position or in hitting the ball. McGuire comes pretty near being the very best catcher in the parent base ball organization.—Cincinnati Enquirer.

WILL NOT STUMP. McKinley Not to Speak During the

Campaign. Major McKinley and Chairman Hanna met at the latter's home at Cleveland vesterday and talked over the campaign. Mr. Hanna said he was very much pleased with the progress of affairs. More than 15,000,000 documents had been malled from the Chicago headquarters within the past

two weeks. "The situation in the west is improving daily," he remarked. "The work of cdu-cation is having a good effect."

Mr. Hanna said the speaking campaign would probably be well under way within the next ten days. When asked if Major McKinley would take the stump Mr. Hanna replied: "Major McKinley has made no charge in his plans. He will not take the stump in this campaign. It has been hinted that he might go to Milwaukee to address the convention of the Republican Lergue. He will not do so."

Major McKinley returns home today, and Mr. Hanna will start for New York this
